Dear Vineyarder,

I am writing in the hope that you will contribute to the Vineyard Playhouse.

Over the past few decades on Martha's Vineyard, the Playhouse has proven to be one of our most precious cultural resources. The plays that have been staged there, and the readings, and the social gatherings, not to mention the wonderful outdoor Shakespeare performances, have all helped to make us feel like a community sharing more in the summer than a simple love of the beach. And with MJ Bruder Munafo presiding over the enterprise, with her qualities of good taste and good nature, we have felt confident that what appears on stage will be both entertaining and enlightening.

In this age of mass entertainment, it is important to value those few cultural enterprises that treat us—and our children—like intimates, friends and collaborators. The Playhouse has been doing that consistently for years in a manner that has earned our perpetual gratitude—and deserves our continuing support.

Please give generously.
